First for the best four sided display at the Dahlia Society of New England Show at Boston.

EXCELL DAHLIA GARDENS

INTRODUCTION

In presenting my 1934 list of dahlias I wish at this time to thank my many customers for their kind patronage and I shall try my best to merit a continuance of that patronage by sending out only the best stock possible.

HAVE YOU TRIED MY GREEN PLANTS? They are well rooted and will produce good tubers. I have shipped them far and near with the best results. One of my customers from the state of Washington writes and says plants you shipped me came through fine, one man from the state of Oregon says he could not tell my plant clumps from the root clumps they did so well. Many others have written the same in regards to my plants, why not try them they cost half the price of roots.

NEW FOR 1934

VAGABOND KING (FD)

One of the most attractive of the new dahlias, red to be sure, but a deep rich wine red. A characteristic of this dahlia is its long straight leafless stem that grow right out of the plant. Flower formation is regular, wide petals and a high full center all season. Flowers are very large without disbudding 9 to 10 inch are common for this prolific bloomer. Won first prize for the best undisseminated seedling at R.I Horticultural Society Show at the Narragansett Hotel, Providence. Roots \$5.00 Plants \$2.50

MONMOUTH RADIANCE (ID)

In this wonderfully beautiful dahlia is presented a color combination of light coral pink with primrose suffusion rear half of petals, giving the flower a brilliant coral pink front effect with deep primrose back ground that radiates throughout the entire flower. A true informal decorative and the flowers reach up to 11 inches in size and 5 to 6 inches deep, the long stiff stems hold the flowers high above the foliage. Needs no pinching back or thinning out. Winner of the Achievement Medal at the Camden, N.J. Dahlia Society Show for 1933 and many other prizes. A head liner on the 1933 Honor Roll. Roots \$12.00 Plants \$6.00

MONMOUTH QUEEN (FD)

In this fine dahlia we have a most pleasing color effect, it being piric yellow in the center of flowers, with a graduation of light primrose to cream yellow rear petals. Flowers are full centered 10 inches and over to 4 and 5 inches deep, are held facing front on long stiff stems high above the foliage. A vigorous grower and a prolific bloomer of large exhibition flowers. Winner in the seedling classes at the Asbury Park and Red Bank 1933 shows.

Roots \$9.00 Plants \$4.50

ROSETTA (ID)

The predominating color effect is old rose, shading to yellow radiation at base of petals which greatly enhances its beauty. Flowers are 10 inches and over in size, 6 to 7 inches deep and are held above the dark leathery foliage on stiff stems. Plant is medium tall, wide spreading and very prolific of large beautiful blooms from early till late. A good dahlia for home garden or exhibition.

Roots \$9.00 Plants \$4.50

GENERAL LIST

EXCELL GLORY (FD)

I feel sure that this variety will make many friends. It is a seedling from the famous Jersey's Beauty only a much better growing plant. The foliage is a heavy dark green, the kind the insects don't like, is a fine root maker also a free bloomer, has a very long stiff stem holding the blooms well above the foliage. The color when fully open is shell pink with white shadings. Makes a fine cut flower as it will stand for days.

Roots \$2.50 or 2 for \$4.00

ALLEN A (ID)

A very large attractive bloom on good stout stems, plant is a profused bloomer and strong grower. The color is white with lilac shadings base of petals show a slight trace of Martin's yellow.
